With participation Closing Remarks of KOLOS

16h00 - 17h30
AI & Coastal Transition As part of the official visit of the French President CEDTI is taking part in a special day dedicated to artificial intelligence. Building on the discussions initiated during the colloquium, this session will highlight territorial intelligence through an open dialogue featuring a representative from AFD, BRGM – which led the coastal risk assessment – and Laurent Lescop, specialist in digital tools. The event will include a public exchange session, facilitated by a CEDTI representative. Caudan Arts Centre, Port Louis
